

Awakening the Master Masculine **By: Master Yao Nyamekye Morris**

Most men are only using 20 to 25% of their male attributes. The rest lie dormant. Men are born with a natal “map” which provides solutions to allergies, health issues and personality defects. Most men never finished puberty. A few men know how to retain their seed during orgasm, but most do not. Because most men never fully awakened their Master Masculine Faculty.

Men today are seeking to perform the tasks of husband, father, warrior and businessman without all the possible tools available to him. Until now! Master Yao Nyamekye reveals the Master Masculine Faculty, a natural blueprint for bringing masculine energy to its highest state. It contains a map to chart your course in life so as to achieve the very best outcomes in relationships, sports, health and career. Following this blueprint will elevate a male into the top 5% of male performers.

Awakening the Master Masculine presents the most common life tasks of the male, and shows in simple language how to develop the subliminal, mental, physical and energetic attributes or powers necessary to excel. Intimacy reaches new heights through the science of Active Tantra. Move through life smoothly and seamlessly using the science of yearly cycles and the Bagua. Navigate the social landscape with ease using the magnetic power of pure masculine energy. Forecast relationship outcomes ahead of time by perfecting your female “radar”. Map the life of your children ahead of time and know the key “crossroads” points in their development cycles. Pinpoint the psychic and spiritual forces that have obstructed you all your life, and remove them.

Your time is the most valuable thing in your life. The quality of your life experience is the ultimate goal of the superior man. This book presents simple concepts and offers practical guidance to increase both. How to maximize your time value and male experience is what this book is all about.
